

Exterior LED Security Lighting

Project _____

Date _____

Type _____

Location _____

Part Number

AL9100-40-BK

Product Specifications

Description	Dual-head motion-activated LED security lighting Durable thermoplastic construction
Finish	Black
Dimensions	9-1/2"Width x 6-1/2"Height x 7-1/2"Extension Adjustable lamp heads & sensor control
Lamp Heads	Two integrated LED lamps
Wattage	24 Watts
Colour Temp.	4000 Kelvins (cool white)
Brightness	1,600 Lumens
Rated Lamp Life	Up to 50,000 hours
Motion Detection	180° (distance up to 65 feet / 20 meters)
Time Delay	Adjustable from approx. 10 seconds to 7 minutes
Operating Temp	-25°C to 40°C (-13°F to 104°F)
Certifications	cETLus Listed Certified to CSA standards Suitable for damp locations
Features	120V 60Hz Wall mounting hardware included

Adjustable lamp heads and motion sensor
tilt and pivot to various degrees
